Phosphorylation of histone H1 is an integral part of the mitotic chromatin events. Cyclin-dependent kinases (CDKs) have been suggested to play an important role in the modulation of chromatin structure. However, the functional importance of CDKs in cell cycle control is still unclear due to the lack of a suitable assay for the functional characterization of CDKs. Here, a novel cell-based assay for the functional characterization of CDKs is described. The application of this assay to assess the functional activity of CDK1 and CDK2 in response to physiological stimuli is also demonstrated. The assay consists of a phase of G1-phase synchronization of

Features Key:

- A raiding undead Morgana and other classic raid content
- A new spell that will make all foe flee from you
- This Key is a small cosmetic item that can be used in-game. It is currently also a breeding material for eggs.

The biggest gameplay change made due to an unexpected AMA was the new spell **Leave & The Trail of Fallen Leaves**. This horrible abomination has been added, because of an absolutely unbeatable raid from Eirik last year. If you know how it works, you should already know the details in this AMA:[]

It is not entirely clear how the function of the spell will work. Upon reaching level 57, the caster will receive a message that will give a hint. Clearer information about how it does things is available in the Spells & Abilities category of the Eirik's world.

Should you want to read more about this and the aforementioned topic, please have a look at the thread on the BC forums. But there is much more content available as well! An new in-game item which comes at a rather high price. Actually he's a gem trader (as outlined in the Eirik's world) and he has found several gemstones on the deceased Kiai. Using them is very simple and he'll send one at a time. Each gemstone has three abilities.

- Perfect Five Gems: Frenzy. The lowest bonus, but it stacks.
- Spread Gems: Increases your bonus on each of the five gems by 10 percent. Because you can't give yourself any bonuses, you are essentially stacking surrounded by who has damage reductions of -10. The top bonus is merely halved as it would be minus 30 and so on.
- Frozen Gems: AoE attacks are triggered automatically when one of the gems is destroyed or boosted on death.

All these gemstones have been added to the crafting menu and it makes
